SCIENCE

- ❖ Life science

SOCIAL STUDIES

- ❖ Stephen F. Austin
- ❖ The Alamo
- ❖ Texas Revolution

Meet Fourth Grade Teacher, Heather Burris

Heather Burris is a new fourth grade reading teacher on campus this year. She was born in Longview and graduated from Harding University in Searcy, Arkansas in 1999. She married her husband, John 3 years ago and became an instant mother of 3 children: Ian, 10, Erin, 14 and Grant, 18, who is a senior and ready for college. Mrs. Burris brings 16 years of experience to Northside and is excited to be here. Heather enjoys her time watching her children in all their events and spending time with friends, sipping coffee and catching up, or watching the newest movie in Tyler when she is not working.

UIL Champions

On Saturday, January 21st, Northside placed second at the UIL District Meet. Thank you to all the parents for allowing your students the opportunity to participate in this exciting competition. Thank you to all the students and coaches for all your hard work and dedication to your event. You did it!

Bet you can't do it like Northside!

WHAT'S HAPPENING THIS MONTH in FIFTH
